

CHICAGO EDUCATION & CONFERENCE CENTER

When looking for state-of-the-art conference facilities in a convenient downtown Chicago location, look no further than the Chicago Education & Conference Center. Located along the Chicago River on Wacker Drive, we have combined the art and science of hosting a business meeting or conference ensuring every event is a success.

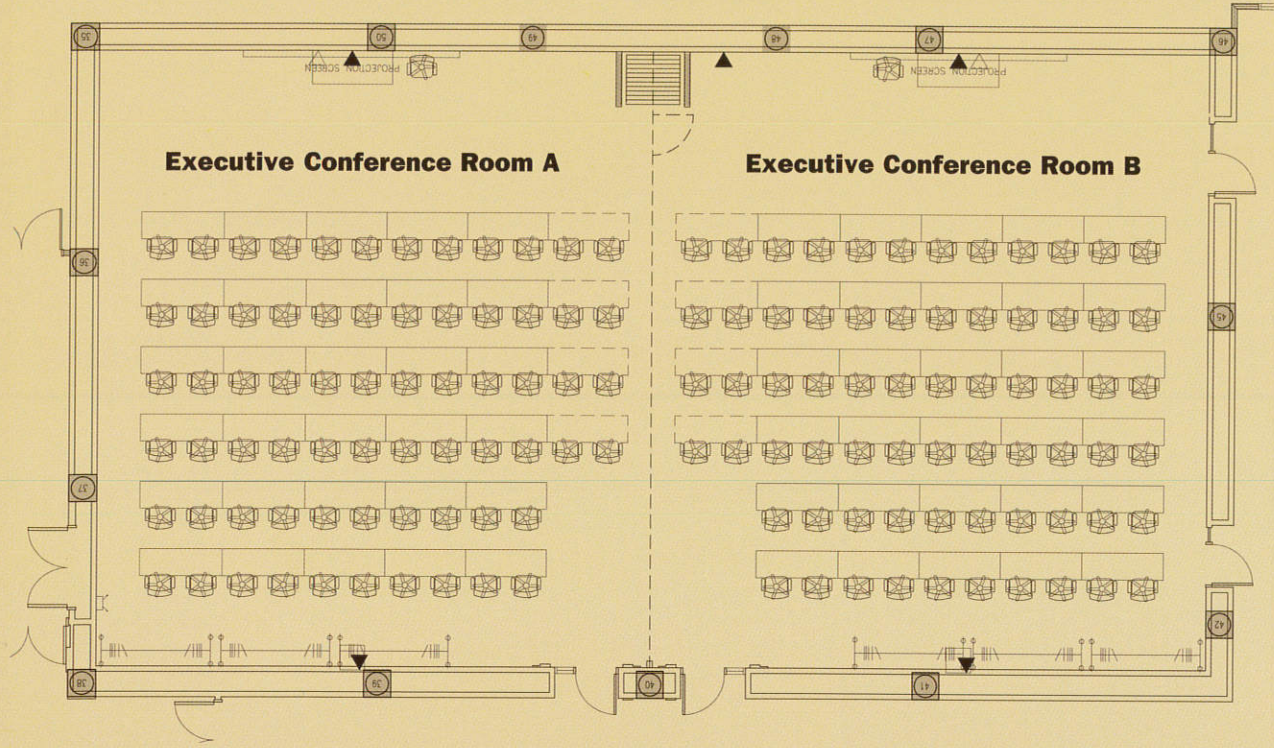

The Art

When you walk down the marble-lined hallway you will find two sophisticated conference rooms, each surrounded with beautifully carved wood panels, 18 foot high ceilings and a full 1,750 square feet of meeting space with seating for up to 68. You will also be surprised to learn that by simply removing the soundproof dividing wall the two rooms can be combined for 3,500 square feet and seating for up to 136 participants.

The Science

In addition to our elegance, you will find state-of-the-art technology. Unlike most conference centers which charge you outrageous fees for equipment, these two conference rooms come complete with wireless internet access, computer data projection, audio and video conferencing, white boards, tablet PC's and document projection at no extra cost. We even include our on-site technology staff, ensuring your conference will proceed flawlessly.

Additional Services

At Chicago Education & Conference Center you will enjoy a scenic and comfortable reception area, access to our full kitchen, complimentary continental breakfast and all day coffee service. You can visit the vending area for a quick snack or step outside and savor dozens of world-class restaurants. If requested ahead of time we can even assist you in having your event catered by an outside vendor. Finally, you will find ample parking and train stations just around the corner.
